Mill Dam Dental Care

As a courtesy to our patients, we will file insurance claims to the companies with whom we participate with on your behalf. However, we need to inform you of our financial policy that states if the reimbursement is not received within forty-five (45) calendar days, from the date of treatment, the entire cost of the treatment becomes the responsibility of the patient or the person designated as the guarantor. For this reason, we require that a credit card number be kept on file. If you do not wish to disclose credit card information, you may pay in full prior to your treatment and we will have the insurance company issue any reimbursement directly to you.

If you are a patient who has dental insurance with a company with whom we do not participate, you will be required to pay for your treatment in full prior to it being rendered. We will provide claim forms to you to enable you to personally file for reimbursement. **It is important that you understand that any insurance policy you have is an agreement between you and the company and we cannot get involved in any dispute, conflict, interpretation, or any other insurance related problem.**

All patients who subscribe to a DMO insurance plan will be required to pay any and all co-payments in full at the time of service.

If you are a patient who will be undergoing sedation dentistry, please be advised that sleep dentistry is a very new procedure that is not yet recognized for reimbursement by insurance companies. Therefore, payment for sedation is the responsibility of the patient or guarantor and must be paid in full prior to treatment being rendered. Although the sedation will not be covered, your insurance company will reimburse you for any benefits that they do allow under your individual plan.

____ I wish to keep my credit card number on file in order for this office to accept assignment by my insurance carrier.

Type of credit card _____
Account number _____
Expiration date _____
Name of individual on the credit card _____

____ I do not wish to keep my credit card number on file and I fully understand that I will be expected to pay in full for all treatment at the time of service.

SEDATION APPOINTMENTS

The amount of time scheduled for sedation appointments is an estimate. If the sedation appointment time runs over the amount estimated you will not be charged for the additional time; likewise, if the sedation appointment time runs less than we estimated, a refund will not be issued. When scheduling sedation appointments, 25% of the total amount of treatment is required at time of scheduling to reserve the appointment date and time. If you miss your appointment or cancel without giving two business days notice, your down payment will not be refunded.

APPOINTMENT POLICY

We respect the importance of your time and work very hard to schedule appointments that accommodate the busy needs of all our patients. In return, we ask that our patients make every effort not to change reserved dental appointments. Broken or missed appointments create scheduling problems for other patients and our dental practice as well. With this in mind, we reserve the right to charge for missed or broken appointments without two business days notice.

I understand and agree to the terms set forth above regarding insurance and appointment policies.

HIPPA PRIVACY OF PATIENT HEALTH CARE INFORMATION

Because there can be questions of privacy when health care information is transmitted electronically, the Congress has established an all-inclusive sweeping privacy law called the Health Information Privacy and Portability Act (HIPPA) to be administered by the Department of Health and Human Services. The Act established standards for health care providers in obtaining and disclosing your personal health information.

Although such information exchange has been routine in the past, and even though we have never had a problem, the law mandates that you must now give specific written consent to continue these traditional communications relating to your personal health information in order to plan and accomplish optimum treatment, to convey and receive pertinent health information, and to facilitate payment.

We fully respect the privacy of your medical records, and we will continue to do all we can to make them secure and to protect their confidentiality. In order to provide the best possible health care and/or to help third parties involved with payment of your account we routinely share and request pertinent health information only with your other medical or dental caregivers, with other concerned parties such as relatives, and with others involved in account payment such as insurers, etc. We may from time to time need to confirm or discuss appointments or to discuss care related concerns on your home answering machine or directly to those answering your home phone or to phone callers identifying themselves as a relative or concerned party.

In the course of your treatment we sometimes have to disclose or receive your personal health information from other treatment related facilities (such as laboratories, sleep clinics, pathologists, and radiologists) that might not be required to obtain your consent to release to us products or reports relating to your personal health.

HIPPA allows you to consent or refuse to the use or disclosure of your personal health information as described above, but consent or refusal must be in writing. HIPPA does recognize the necessity of information exchange for optimum patient care, and it has provided for denial of treatment if you choose not to consent. If you choose to give consent by signing this document, you have the future right to revoke or restrict part or all of this Personal Health Care Information Agreement, but you may not revoke or restrict actions that have already been taken that relied on this or a previously signed consent. Of course you personally have the right at any time to access any information we have in your personal health records. Your signature below to indicates your consent.

Please ask for our Privacy Coordinator if you have any questions concerning this form or if you desire to review a full copy of our Notice of Privacy Practices.
